Re: Contract No. 68-W8-0102
Regualification of Personnel

Dear Mr. Sandstedt:

This is in regard to your request for regualification of two (2) key personnel under the above referenced contract. Mr. Paul V. Fluck and Mr. Jeremiah J. Laurizio were proposed and listed under the contract as LEVEL 1 FOREMEN.

I have received and reviewed the updated resumes, certifications, and other qualifications information for these individuals. In accordance with Attachment C-3, Personnel Qualifications, of the contract, these individuals meet or exceed the minimum qualifications experience in Item 1, Response Managers. In addition, both individuals also performed work under the contract of a Response Manager level for several delivery orders as outlined in your request dated March 28, 1989.

I have also received ERCS Performance Summaries from the On-Scene Coordinators (OSCs) for three of the delivery orders referenced and they indicate either a satisfactory or exceeds expectations level of performance by S & D Engineering Services and reflects upon the work of Mr. Fluck and Mr. Laurizio.

Therefore, I approve the regualification of these individuals to RESPONSE MANAGER LEVEL 3 category under the contract. This approval is effective upon receipt of this letter. The U.S. Environmental Protection Agency's OSCs, the Deputy Project Officer, and the Contracting Officer are also notified of this change upon receipt of a copy of this letter.

Should you have any questions, please call me at (201) 321-6647.

Sincerely yours,

Christopher A. Militscher
Project Officer
